

FACT SHEET: Student Behaviour Support - Our Beliefs

Our Beliefs and Common Philosophy about Learning and Teaching

Our beliefs about teaching and learning socially at school, student behaviour supports, and responding to students to meet their needs, unify us and direct our actions.

Our beliefs about student behaviour, discipline and learning unify us and direct our action – the decisions we make, the practices we choose and how we interact with others. The following beliefs reflect current literature in positive behaviour supports.

- Schools play a vital role in promoting the intellectual, physical, social, emotional, moral and spiritual and aesthetic development and wellbeing of young Australians (Alice Springs Declaration).
- Every day at school, students have the opportunities to learn and practice social skills and develop General Capabilities through the curriculum (ACARA).
- Behaviour is learned, therefore responsible behaviour can be taught.
- Student discipline is best achieved through instruction rather than punishment.
- Student behaviour can be taught using the same strategies used to teach academics.
- Misbehaviour presents the student with an opportunity to learn, the educator with an opportunity to teach.
- For behaviour change to occur, we must use positive approaches that strengthen teacher-student relationships.
- Student discipline is a collaborative effort. In partnership with parents and carers, we are committed to each and every student's success.
- Efforts to support all students to become successful learners, confident and creative individuals and active and informed citizens require ongoing teaching, encouragement and correction.
- Students need and want high standards for their behaviour. Maintaining high expectations does not require "get tough" or punitive approaches.
- An integrated system of school wide, classroom support and individual student supports can play a central role improving behavioural outcomes and developing learning disposition for the students we serve as well as contribute to the sense of efficacy and job satisfaction of our staff.
- Services for students with chronic or intense behaviours are more effective within the context of school-wide commitment to the social and academic development of all students.

Sacred Heart School Student Behaviour Support Plan

At Sacred Heart School, we believe the most effective way to help students demonstrate behaviours optimal for learning is through a school-wide positive problem-solving approach. [Visit the Postive Behaviour for Learning page on our school's website](#) to access the Sacred Heart School Student Behaviour Support Plan.
